Hi all,

Pretty good PTACHC meeting. the HC delegation was there and discussed upcoming educational legislation. I took notes on their handouts.

the PTACHC wants to know what our most important funding priority should be from the state. Think building schools, tweaking what is taught, more money for teachers. Please let me know before the January meeting.

Interesting fact, the design life of a school in HC is 50 years. That is why they are built the way they are and the COST that they are. the HC delegation was wondering if there shouldn't be a reduction in that requirement so that the schools cost less and can be replaced more often as teaching styles and student needs change over the decades. Thoughts?

--

Thanks!

Alan Romack

OMMSPTSA President 2017-2018
